

IMPORTANT NOTICE

CoolSign™ Digital Signage Network

This document applies to the CoolSign Digital Signage Network.

Depending on your network topology, you may have a number of appliances and devices that need to be set up. Refer to the CoolSign documentation suite for the installation and quick start guides that are applicable. After the network has been physically set up, perform the following steps:

1. Press the power button on the Network Manager server.
2. When prompted, enter the following login information:
 - username: `coolsign`
 - password: `CSadmin!`
3. Make note of the following information to safeguard your system:

System Login	System Password	User Interface (UI) Login	User Interface Password
<code>coolsign</code>	<code>CSadmin!</code>	<code>haiadmin</code>	<code>admin</code>

Refer to the Installation Manual and User’s Guides for instructions on configuring and using your CoolSign Digital Signage Network software. You can download the PDF version of the documentation, as well as the Release Notes and software from our Download Center at <http://www.haivision.com/download-center/>.
